

PROFESSIONAL OBJECTIVE Developer | Java & Frontend

PROFESSIONAL SUMMARY

I started my career in administration, hospitality, and small business experience, until I returned to Portugal to my true passion: technology. Since 2023, I have been studying programming and today I work as an IT Supervisor. Now, I want to move my career to software development, combining my management experience with my continuous learning in programming, to contribute with solid work and constant growth in new projects.

- **Proficient** in NodeJS, React, TypeScript, and backend Java.
- **Knowledge** in jQuery, C, and API requests
- **Basic understanding** of SQL databases (still learning)

EDUCATION

- **Java Backend Developer** | EBAC – Expected completion in 2026
- **Dev Front-end** | EBAC | jan/2025
- **Administrative Assistant** | CMB Casa da Moeda do Brasil | 2015
- **High School Diploma** | CIEP 392 Mário de Andrade (Brazil) | 2013
