## PROFESSIONAL SUMMARY

Information Systems student. I started my career in an administrative role at the Brazilian Mint and later ran my own business. In 2023, after moving to Portugal, I returned my focus to the technology field and worked for two years as an IT Consultant in a Data Center.

Now, back in Rio de Janeiro, Brazil, I am looking for an opportunity in the technology field where I can combine my professional experience with my technical skills, contribute to projects, and continue learning and growing.

- **Proficient** in NodeJS, React, TypeScript, jQuery.
- **Knowledge** in Java, C language, API requests, PostgreSQL

## EDUCATION

- **Bachelor's in Information Systems** | Universidade Cândido Mendes – In progress
- **Data Base and SQL Language with PostgreSQL** | Udemy – In progress
- **Frontend Developer** | EBAC | jan/2025
- **Administrative Assistant** | CMB Casa da Moeda do Brasil | 2015

## COMPLEMENTARY COURSES

- **IT from Zero to Pro** | EBAC | 2023
- **GNU / Linux Systems Administration** | Udemy | 2023
